

Alma Jacket

South Venture Jacket

DESCRIPTION:

Martec participated in the detailed engineering phase of the Alma and South Venture jackets through a sub-contract with Kvaerner SNC-Lavalin Offshore (KSLO). Specifically, Martec conducted the following activities:

- Riser and Spool design and analysis
- Appurtenance design and analysis
- Detailed design of secondary structure
- Detailed design of lift points
- Conducted design analyses including lift, in-place, on-bottom stability, transportation

These jackets are installed offshore Nova Scotia, near Sable Island.
